All Soles look alike when Painted.

How many people know Oak sole leather, from Hemlock leather? Yet it costs us over \$113,000 yearly for that invisible difference, which adds a dollar to the wear of every pair of Regal Shoes.

Putting the Live Oak Sole of a \$6.00 shoe, into Regals at \$3.50, is one of the courageous and costly things which are NOT imitated.

Wear—or the knife, will prove that 90% of all other \$3.50 shoes have common "Red," or Hemlock soles, under their black finish.
